

BASIC AND INTERMEDIATE SPANISH

2017-2018

Suggested Grade Level: 6th -12th

Teacher: Vanessa Lissette Felix

Prerequisite: Beginning Spanish and willing to interact

Coursework: Limited workbook pages, some online work (via teachers email), and daily practice to master vocabulary and grammar. We will use Glencoe-McGraw Hill, edition "Así Se Dice", 2012.

Required Materials: Workbooks, CDs, video will be provided.

Additional material: I suggest downloading Duolingo app on your electronic device

Class Description: This is an interactive class to keep your student engaged.

This class is designed to give your student a more challenging exposure to Spanish.

If your student has taken Spanish before and is ready for more of a challenge with additional Spanish grammar, this is the class! But I will help them get there and refresh after the summer.

This class will encourage students to move beyond simply memorizing vocabulary; we will work on learning and conversations and learning new grammar.

Our class time will consist of learning new vocabulary, working with grammar, learning to create and how we can apply it in day to day scenarios or just casual conversation.

Text/Class Expectations: I strongly suggest for your student to review and practice what we learned in class. Also, practice vocabulary via a fun free app call duolingo. I will give tips each class work fun work at home via an electronic device.

Who am I? My name Vanessa Lissette Felix. I was born and raised in Lima, Peru. I studied abroad while I was in high school where I as a native Spanish speaker

perfected my English. I have done some minor translations and am working on my court interpreter's certification.

I have two handsome boys who I share my world with and a dog name Oso.

I own a café in town and that is my main passion. But besides cooking and baking, I enjoy people and teaching and learning.

I look forward to meeting you and your student soon.

Please, give me a call if you have any questions.

Yours,

Vanessa Felix
